

CUSTOMER ESCALATION FORM
Support Operations - internal use only

Reference: ESC-0001

Date raised: 2026-05-06 11:09:25

Raised by: A_BENN (Retention, Cebu)

Customer name: Odile Rahman

Product area: account_access

Summary of complaint

One-time verification codes continue to be delivered to a handset the customer no longer possesses. The trusted-device record was not migrated when the device changed, leaving the customer unable to complete step-up authentication.

Requested action

Re-run identity verification and rebind the trusted device to the customer's current handset.
