

CUSTOMER ESCALATION FORM
Support Operations - internal use only

Reference: ESC-0003

Date raised: 2026-05-09 02:18:50

Raised by: A_ZARA (Technical Support, Davao)

Customer name: Sokolov, Viktor

Product area: returns

Summary of complaint

Part of a multi-unit consignment arrived damaged while the remainder is already deployed on site. Standard returns handling would require the whole order back, removing equipment that is functioning correctly.

Requested action

Grant a partial-replacement exception outside standard returns policy and issue a case reference to the customer.
