Reference: ESC-0006

Date raised: 2026-05-11 09:44:37

Raised by: A_KOJI (General Care, Cebu)

Customer name: E. Brandt

Product area: account_access

Summary of complaint

One-time verification codes continue to be delivered to a handset the customer no longer possesses. The trusted-device record was not migrated when the device changed, leaving the customer unable to complete step-up authentication.

Requested action

Re-run identity verification and rebind the trusted device to the customer's current handset.
