

CUSTOMER ESCALATION FORM
Support Operations - internal use only

Reference: ESC-0019

Date raised: 2026-06-23 22:59:12

Raised by: A_HUGO (Technical Support, Manila)

Customer name: A. Sethi

Product area: payments

Summary of complaint

The payment processor recorded a successful authorisation while the order service recorded a failure. The customer has been charged and has no order. The two systems remain in disagreement on this transaction.

Requested action

Establish the authoritative transaction state, then either release the held funds or complete the order at the original

Authorised by: Support Operations Lead
