Reference: ESC-0022

Date raised: 2026-06-18 20:05:48

Raised by: A_TESS (Billing Support, Remote-PH)

Customer name: N. Khalil

Product area: delivery

Summary of complaint

A delivery address amended by the customer at checkout did not propagate to the open order, which is still routed to a superseded address. Dispatch is imminent and would deliver to a property the customer has left.

Requested action

Place an immediate hold on dispatch and correct the delivery address on the open order before release.
