

CUSTOMER ESCALATION FORM
Support Operations - internal use only

Reference: ESC-0024

Date raised: 2026-06-22 11:46:06

Raised by: A_MARE (Retention, Davao)

Customer name: N. Lim

Product area: account_access

Summary of complaint

One-time verification codes continue to be delivered to a handset the customer no longer possesses. The trusted-device record was not migrated when the device changed, leaving the customer unable to complete step-up authentication.

Requested action

Re-run identity verification and rebind the trusted device to the customer's current handset.
