Support Operations - internal use only

Reference: ESC-0034

Date raised: 2026-07-08 23:20:23

Raised by: A_ZARA (Technical Support, Davao)

Customer name: H. Farouk

Product area: warranty

Summary of complaint

The customer has been given conflicting warranty terms for the same accessory across separate contacts. The recorded coverage period on file is inconsistent with guidance given verbally, creating a repair-or-replace decision the customer cannot make.

Requested action

Verify the correct warranty term against policy, correct the customer record, and confirm the position in writing.
