

CUSTOMER ESCALATION FORM
Support Operations - internal use only

Reference: ESC-0038

Date raised: 2026-07-13 10:15:16

Raised by: A_INES (General Care, Remote-PH)

Customer name: D. Owens

Product area: payments

Order reference: ORD_1126

Summary of complaint

The payment processor recorded a successful authorisation while the order service recorded a failure. The customer has been charged and has no order. The two systems remain in disagreement on this transaction.

Requested action

Establish the authoritative transaction state, then either release the held funds or complete the order at the original
